TRTI, Pune has published limited e-Tender through mahatenders.gov.in on 11.02.2026 for evaluation and impact assessment of three schemes separately. Since, all the expected bidders are from the Empanelment of Planning Department, GoM, and the nature of work/project is same, the pre-bid meeting for these three tenders was scheduled on 18.02.2026 at 4.00 PM physically at TRTI, Pune. Some of the bidders requested the pre-bid meeting in virtual mode which was accepted and the meeting was conducted in hybrid mode on 18.02.2026 at 4.00 pm. For this meeting, representative of one bidder was present physically and representatives of other bidders joined virtually.

The queries for all three tenders were discussed in the meeting. The queries raised by the bidder/bidder's representatives were clarified in the meeting. The clarifications on the queries are placed as below. These pre-bid meeting minutes should be treated as a part of the above said RFPs and shall be binding on bidders for the three RFPs under reference.

| Sr. No. | Tender document page number | Clause, Section point serial number | Query/ Clarification required | Clarification |
|---------|-----------------------------|---|---|---|
| 1 | 7 | 2.Sampling Plan | Queries on sample size, sampling plan and stratification: No of districts, talukas and sample size should be mentioned for TSP & OTSP areas. | Six districts from TSP and three districts from OTSP and 2 talukas each from these districts. |
| 2 | 7 | 2.Sampling Plan | Regarding sampling plan, sample size and stratification. | The stratification plan given is indicative. The bidder is expected to study and propose the best suitable sampling plan. The sample should be representative. |
| 3 | 7 | Impact Assessment Workflow with specific reference to viii. Household surveys | Will access to administrative data and Project implementation data & details (e.g., beneficiary number, intervention area etc.) be provided to support district, taluka and sample selection? Further, if a baseline has been conducted previously, will the data be shared? | No baseline data is available. The bidder may use the administrative and other data available in public domain and propose adequate approach. |
| 4 | 7 | Socio-economic change | It was requested to specify the expected % change in income so that the sample size can be adequately proposed. | The % change in income generally expected 20-40%. This has been broadly specified. Higher than this would be appreciated. |
